Visitors are encouraged to notify staff of planned visitation in advance, as to provide you meaningful time together without disruption. However, due to limited space at our residence, some limitations may apply. All residents have the right to refuse or decline a visit or visitor at any time without explanation. Staff will assist with this if needed.
2. Any items brought in by visitors will be screened by staff. Please refer to restricted items list.

**B. Visiting hours:**

1. We encourage visitation from friends and family, however, there may be times when visitation is limited due to treatment related meetings, (ex. Treatment planning, MD meetings, other related meetings). We also ask that there be no visitors at the residence before 8:00 AM or after 8:00 PM.
